To the Honorable Chairman and Members of
The Hawaii Public Utilities Commission
465 South King Street Room #103
Honolulu, Hawaii 96813

Subject: Docket No. 2008-0273
Feed-in Tariff Investigation

Amendment to Certificate of Service

On December 20, 2008 Carl Freedman, dba Haiku Design and Analysis (HDA), mailed to the Commission and the Consumer Advocate a "Haiku Design and Analysis Proposed Procedural Order and Certificate of Service" in accordance with the Commission's "Order Granting Intervention" in this docket. This mailing is intended to be served on the Commission by the December 22, 2008 deadline for proposed procedural orders in this docket.

As indicated in the Certificate of Service, based on HDA's understanding of informal agreement by the parties that proposed procedural orders would be served amongst parties by electronic and not hard copy service, HDA transmitted copies of the proposed order to the other parties in the docket by electronic transmission on December 20, 2008. Since that time HDA has learned that several parties may join HDA's proposed procedural order. HDA is consequently more concerned about proper service and is uncertain regarding the sufficiency of informal agreement between parties regarding electronic service.

In order to ensure that the HDA Proposed Procedural Order and Certificate of Service is properly filed in accordance with the Commission's Rules of Practice and Procedure, HDA is serving each of the parties identified in the Certificate of Service dated December 20, 2008 with hard correct copies of the Haiku Design and Analysis Proposed Procedural Order and Certificate of Service and a copy of this letter by first class mail today, December 22, 2008.
